SKIRMISH 2

01. Nature is against equality.
02. A flawed judiciary is more dangerous than a flawed government.
03. Technology thrives on dependence.
04. Human intelligence will soon become optional.
05. Competition creates better citizens.
06. Sports records are overrated.
07. Happiness is a social obligation.
08. Communities decide an individual's worth.
09. Democracy rewards popularity only.
10. Laws cannot make people moral.
11. Good political leaders do not necessarily ensure good governance.
12. Politics attracts wrongdoers.
13. Classrooms of the future will not need teachers.
14. Creativity is not as great as it is made out to be.
15. Examinations discourage learning.

16. The media creates more confusion than awareness.
17. Public opinion is easily manipulated.
18. A strong leader is better than a popular leader.
19. Most political debates create more heat than light.
20. Governments cannot solve every social problem.
21. Rights without duties are meaningless.
22. Too much freedom weakens society.
23. Public outrage rarely solves problems.
24. People demand truth only when it favours them.
25. Too many rights make citizens less responsible.
26. Mercy can never be an alternative to punishment.
